

FRC800C

The FRC800C is an exclusively commercial-grade, self-propelled tiller ideal for rental, larger residential and commercial applications. Powered by a GX240 4-stroke overhead valve Honda engine, the FRC800C features easy operation through simple controls with one-step tine and drive engagement, making it ideal for first-time rental users. A front bumper guard and heavy-duty transmission further enhance durability.

Features

- Honda GX240 OHV 4-stroke mini engine
- 3 forward and 1 reverse transmission speed
- Heavy duty tines and housing
- Quick-release clutch bar stops tines immediately upon release
- Adjustable tilling depth
- 4-position adjustable handlebar
- Honda's "Cyclone" air filter extends filter service interval and provides extra protection in extreme dust conditions
