377 Chain Saw

A close-up photograph of a Shindaiwa 377 chain saw cutting through a tree trunk. The saw's bar is white with the 'shindaiwa' logo in red. The chain is visible, and wood chips are flying off the cut. The background shows a blurred forest scene with green foliage.

The Shindaiwa 377 chain saw is a commercial tree-trimming and firewood cutter saw with full anti-vibe system and outstanding power-to-weight ratio.

Outstanding power-to-weight ratio

Ergonomic design for comfortable handling
